

Ohio Valley Industrial Services sells all types of gauges and instruments from many different manufacturers.

Dwyer has a full line of industrial controls including pressure gauges, manometers, pressure switches, transmitters, flow meters, flow switches, and pitot tubes.

- Differential Pressure Gauges
- Differential Pressure Controllers
- Differential Pressure Switch/Gauges
- Direct Drive Pressure Gauges
- Pressure Indicating Transmitters
- Digital Indicating Transmitters
- Spiral Tube Pressure Gauges
- Digital Calibration Gauges
- Stainless Steel Schaeffer Gauges
- Low Pressure Gauges

E Instruments designs, manufactures and markets a complete range of innovative instrumentation solutions encompassing Combustion Gas Analyzers, Emission Analyzers, Indoor Air Quality, and Calibration equipment specifically designed for the power, industrial, institutional, food & HVAC markets.

- Industrial Emissions Analyzers
- HVAC Combustion Gas Analyzers
- Indoor Air Quality (IAQ)
- Forklift & Automotive Exhaust Analyzers
- Calibrators

McDaniel Controls pressure gauges are the exception in the marketplace today. They have the largest and finest selection available. Economical and dependable operation with cost as only a secondary consideration. Engineered to withstand 300% full scale pressure without rupture of the bourdon tube and 130% full scale pressure without loss of accuracy.

- Subsea Gauges
- All Stainless Steel
- General Service Gauges
- Process Gauges
- Plant Safety Gauges
- Liquid filled, Stainless Steel Case Utility Gauges
- Stainless Steel Case Utility Gauges
- Black Steel Case Utility Gauges
- Liquid fillable, All Stainless Steel Utility Gauges & Ammonia Gauges
- Ammonia Gauges
- Safe Zone Reflective Glo-Gauge

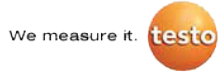

Precision Pressure Gauges are manufactured by one of the largest manufacturers of pressure gauges and sensors in the world. These are standard and configured for the market with sizes, connections, and scales typical of what are used every day in our industries.

- Severe Duty
- Small Brass Gauges
- Small SS Gauges
- 2" Panel Mount
- Regulator Gauges
- Differential Gauges
- 3, 4, 6, & 8" Gauges
- Low Pressure Model GL

Reotemp Instruments is a leading manufacturer of temperature and pressure instrumentation. They provide bimetal thermometers, pressure gauges, diaphragm seals, transmitters, RTD's and thermocouples and related accessories to a variety of process markets worldwide.

- Bimetal Thermometers
- Pressure Gauges
- Diaphragm Seals
- Differential Pressure Gauges
- Sanitary Pressure Gauges
- RTD's
- Transmitters
- Thermocouples

Testo is a world leader in the design, development, and manufacturer of temperature/humidity recorders and HVAC instruments. Product lines include combustion analyzers, thermal imagers, data loggers, CO detectors, infrared thermometers, and many other hand held instruments.

- Air Conditioning / Refrigeration
- Combustion / Flue Gas
- Electrical Measurement
- Data Loggers and Monitoring
- Smart Probes
- Temperature
- Humidity
- CO2, CO, Light, Sound
- Cooking Oil & PH
- Thermal Imaging Cameras

WIKAI is a global market leader in pressure, temperature, level and flow measurement technology. Working together with customers, they develop comprehensive solutions based on high-quality measurement technology components, with the solutions ultimately being integrated in the customer's business processes.

- Electronic Pressure Measurement
- Electrical Temperature Measurement
- Mechatronic Pressure Measurement
- Mechatronic Temperature Measurement
- Mechanical Pressure Measurement
- Mechanical Temperature Measurement
- Diaphragm Seals
- Thermowells

Since 1953, Winters Instruments has been manufacturing quality built instrumentation for all markets that require pressure and temperature measurement. Through the years, the company has grown in size and reputation and is now a leading, global manufacturer of industrial instrumentation.

- Process Gauges
- Stabiliz™ Gauges
- Industrial Gauges
- Economy Gauges
- Lead Free Gauges
- Differential Gauges
- Compressed Gas Gauges
- Sanitary Gauges
- Special Application Gauges

The Marsh Instruments division of the Marsh Bellofram Group of Companies manufactures the highest quality pressure gauges and thermometers. Products include general service gauges for FRL's, compressors, pumps, boilers, regulators, dryers & industrial equipment. Marsh offers professional quality products to meet your everyday needs.

- General Service Gauges
- Severe Service Gauges
- Precision Service Gauges
- Process Gauges
- Diaphragm Gauges
- Lead Free Gauges
- HVAC/R
- Diaphragm Seals
- Special Application Gauges
- Digital Pressure Indicators
- Temperature Instruments
- Filter, Regulator, Lubricator
